RE: NPDES/SDS General Stormwater Permit for Construction Activity (MNR100001) Application
Permit ID Number: C00048027
Project Name: UMTC-Pioneer Hall Renovation (01-052-16-1660)

The UMTC-Pioneer Hall Renovation (01-052-16-1660) project has been granted coverage by the Minnesota Pollution Control Agency (MPCA) under the National Pollutant Discharge Elimination System (NPDES)/State Disposal System (SDS) Stormwater Permit (Permit) for Construction Activity. Permit coverage is effective for this project on 10/31/2017.

You are required to comply with the terms of the permit to prevent erosion and control sediment from your site with the procedures established in your stormwater pollution prevention plan (SWPPP). You are also required to upgrade your SWPPP and erosion prevention and sediment control best management practices (BMPs) as site and weather conditions dictate throughout the entire term of the project.

Once all construction activity has been completed at this project, you must submit a notice of termination (NOT) form to the MPCA within 30 days of meeting the conditions outlined in Part II (C) of the permit. Please check the MPCA website (<http://www.pca.state.mn.us/water/stormwater>) or call to request an NOT form and fact sheet.

Please save this letter for your records. If you have any questions about permit coverage for this project, please contact the Construction Stormwater Program at 651-757-2119 or toll free at 800-657-3804.
