

# Fact Sheet

## Proper Lab Attire

**Required** in all University labs where hazardous materials are present:

- Long pants or skirts that extend to the ankle
- Shoes that have closed toes and heels

Based on department policy or hazards of the task performed, additional base PPE **may be required**.

Such as:

- Goggles or safety glasses
- Lab coats
- Gloves

### Unacceptable Attire

**Figure 1:** Short pants or skirts and sandals, open shoes, ballet flats or shoes with cut-outs.

### Acceptable Attire (low hazard)

**Figure 2:** Long pants (or skirts) as well shoes that have a closed toes and heels.

### Additional PPE (high hazard)

**Figure 3:** Some departments require extra PPE, such as lab coats, to enter the lab. Also, some lab work may require the use of additional PPE.
